

THE NEW HEBRIDES RUNS OF THE LAPEROUSE MESSAGERIES MARITIMES

14 March 2010

LAPEROUSE, ex STEIGERWALD, ex AMIRAL PIERRE

The Laperouse was built at Flensburg, Germany, for the Hamburg-Amerika Line under the name of "STEIGERWALD". She was assigned to the British Company Alfred Holt & Co. in 1919, then as reparation to Messageries Maritimes in August 1922. She was engaged in the Indian Ocean run until 1928. In May 1928 she relieved the DUPLEIX on the Nouméa – Sydney run under the name LAPEROUSE. In November 1936 she was scrapped.
